

ENVIRONMENTAL POLICY

Fleurieu Cranes Pty Ltd is committed to undertaking its business in a manner that recognises the importance of environmental protection and sustainability.

We will achieve this by:

- Complying with environmental statutory and legislative requirements, such as the Environmental Protection Act 1993.
- Maintaining, monitoring, reporting, reviewing, auditing and continually improving the Environmental Management System that is consistent with the certification requirements of AS/NZS ISO 14001(including Amdt 2012).
- Providing sufficient and suitable resources to implement and maintain the Environmental Management System.
- Applying waste, energy and water minimisation principles.
- Taking all practicable steps to prevent pollution and other adverse effects.
- Educating and training our people to continually improve awareness, skills and knowledge of environmental issues and practices especially in the areas of waste, noise and air quality management.
- Establishing and reviewing meaningful and accurate environmental performance measures, taking action to improve outcomes.
- Identifying, reporting, investigation and resolving environmental incidents and taking actions to prevent recurrence.

All Fleurieu Cranes personnel have a responsibility to perform their duties in a manner which ensures safety of the environment.
